Knights Road Connection
Walking Audit

SECTION ONE
Birch/Waterloo/Pohutukawa/Oxford Reference Map.

Tell us about any areas of concern you have and mark them on the map. Write the number on the map to show us where your notes are about.

Notes:

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

SECTION ONE
Birch/Waterloo/Pohutukawa/Oxford
Tell us about any areas of concern you have and mark them on the map.
Write the number on the map to show us where your notes are about.

Footpaths and walking: Is the footpath cracked? Are there trip hazards? Could anybody use the footpath (young, elderly, disabilities?) Does walking feel safe from cars? Are there any specific places you are concerned about pedestrian safety around the station? How well do you think the current layout outside the station serves pedestrians?	**Your thoughts:**
People on bikes, scooters, wheelchairs, with prams… Would you feel safe riding your bike on the road? Do you think it is safe for children to ride their bikes? Is it safe for people to scooter on the footpath? Is there enough space for prams, wheelchairs, mobility scooters? Are there any specific places you are concerned about wheeled pedestrian safety (people on scooters, bikes, wheelchairs, with prams…) around the station? How well do you think the current layout outside the station serves wheeled pedestrians (bikes, scooters, wheelchairs, people with buggies)?	
Motor vehicle traffic movements Do cars stop at crossings? Do drivers appear to be speeding? Are they watching out for pedestrians? Is it easy and safe to cross the street? How well do you think the current layout outside the station serves motor vehicles? How do you feel about motor vehicle movements around the station, including at crossings?

Artwork, themes and features

There will be art work as part of the Knights Road Connection Project. What colours and themes would you like to see?

_____

_____

_____

If you could put any more pedestrian crossings along Knights Road, where would you put them and why?

_____

_____

_____

What features (seatings, plantings, a barrier between cyclists and cars….) would you like to see on Knights Road?

_____

_____

_____

Is there anything else you would like to suggest?

_____

_____

_____

Thank you so much for participating in the Knights Road Connection Walking Audit. We appreciate your contribution!
