# You're Invited!

## To the Knights Road Connection Project's Pop-up park celebration

# You're invited!

## Celebrate the new pop-up park opposite Waterloo Station with us. Friday 4 December*, 12pm-6pm

We're reimagining Knights Road with you to create a safer and more people-friendly pathway and connection to Lower Hutt's CBD. The pop-up park will be the 'home' for the project. The design has been inspired from community feedback, and the park has been created from recycled materials by local schools and artists.

There will be activities, music and an opportunity to see what a temporary pathway trial along Knights Road might look like.

Stop by on your way home from school, work, or while out and about to meet the team and enjoy the new space.
