Knights Road Connection Project Workshops

A new temporary layout is being trialled on Knights Road. This layout aims to test real-world suggestions from the community about a layout that would provide a safer connection for all modes of transport between Waterloo Station, the new Beltway cycle route and Lower Hutt's CBD.

We want your feedback on this layout

Let us know how it's working for you, and what could be improved, online at our project page, through social media or pick up a hard copy[1] from Hutt City Council's offices at 30 Laings Road.

[1]Hard copy avaliable from 8th March

We'll be using your feedback to create the options for amending and extending the trial into phase two. These options will be discussed at a series of workshops and drop-in sessions *Covid alert levels permitting*.

Come and see us at our stand at Queensgate Shopping Centre on Thursday 18 March between 9am – 9pm
Pop by one of the drop in sessions at the Dowse Art Museum on 24 and 25 March 10am-2pm
Attend a workshop* at St Peter & Paul's school on Monday 22 March from 3pm – 5pm
Attend a workshop* at the Dowse Art Museum on 24 March 6pm – 8pm

*NB: **Please RSVP to**
