Have your say!

What is your preferred approach to the number of gaming machines and venues permitted in Lower Hutt?

Tick your choice

☐ **Sinking lid**
Reducing the number of venues over time by not granting any new licences, not allowing the transfer of licences across locations, and once a venue is closed for more than 6 months not allowing it to reopen.

☑ **Per capita approach**
Reducing the cap to 325 machines and 25 venues to align with national averages.

how/when?

☐ **Status quo**
Retaining the current caps of 545 machines and 39 venues in place.

Do you have any comments on the proposed approaches?

The questions are not expanded enough to make a definite vote, eg Q1. over how long, down to what numbers? Q2. Over what timeframe & how decided which ones close/reduce, hopefully by next election!!

Please drop off your completed submission in the drop-off box at your local library or community hub

HUTT CITY
TE AWA KAIRANGI

Have your say!

What is your preferred approach to the number of gaming machines and venues permitted in Lower Hutt?

Tick your choice

- [x] **Sinking lid**
  Reducing the number of venues over time by not granting any new licences, not allowing the transfer of licences across locations, and once a venue is closed for more than 6 months not allowing it to reopen.
- [ ] **Per capita approach**
  Reducing the cap to 325 machines and 25 venues to align with national averages.
- [ ] **Status quo**
  Retaining the current caps of 545 machines and 39 venues in place.

Do you have any comments on the proposed approaches?

They seem to attract the poorer people who are easily tempted and can least afford it. I think they need to remove them.

Neil Whitley

More of the proceeds from gaming machines should go back to the community.

The machines are too hard to win. More of the money should be won by players.

Class 4 Gaming Venue and Board Venue Policy review

Consultation closes 10 November

HUTT CITY
TE AWA KAIRANGI

Have your say!

What is your preferred approach to the number of gaming machines and venues permitted in Lower Hutt?

Tick your choice

2 **Sinking lid**
Reducing the number of venues over time by not granting any new licences, not allowing the transfer of licences across locations, and once a venue is closed for more than 6 months not allowing it to reopen.

1 **Per capita approach**
Reducing the cap to 325 machines and 25 venues to align with national averages.

☐ **Status quo**
Retaining the current caps of 545 machines and 39 venues in place.

Do you have any comments on the proposed approaches?

1 If it can happen quickly but
2 If it means it will go even lower than 325

Not status quo

Please drop off your completed submission in the drop-off box at your local library or community hub

HUTT CITY
TE AWA KAIRANGI

Do you have any comments on the proposed approaches?

I think we should reduce the number of pokie machines in the Lower Hutt area I think we should also be mindful of where these machines are, there should only be a certain number in each suburb.

The Council should receive more from the gambling proceeds: these should go to sports clubs + schools & children's activities

- [ ] **Status quo**
  Retaining the current caps of 545 machines and 39 venues in place.

Do you have any comments on the proposed approaches?

Strongly support a sinking lid. The harm from gambling machines on vulnerable communities is significant, and they do not see the returns from grants which are dominated mostly by sports clubs. Definitely change this please.

☑ **Per capita approach**
Reducing the cap to 325 machines and 25 venues to align with national averages.

☐ **Status quo**
Retaining the current caps of 545 machines and 39 venues in place.

Do you have any comments on the proposed approaches?

I strongly believe we should have the per capita approach FOLLOWED BY the sinking lid. I strongly believe we should not allow any pokies in our community and neither option is sufficient on its own. I strongly believe pokies should not be allowed in our community at all as they tempt people to spend more money than they can afford with no realistic positive return to the player.

Council's decisions should take account of community welfare.
$80 million proceeds from gambling machines!!
Feeding addictions instead of people!!
No wonder we have Food Banks and Schools feeding children.
Crazy!!
