Families and whānau gathering and relaxing in indoor, outdoor spaces and party rooms

Sustainability

Hutt City Council is exploring innovative ways to make Naenae Pool and Fitness Centre more energy efficient, cheaper to operate and reduce carbon footprint. Ideas are:

- Better insulation of the building
- High performing windows and doors
- Using the sun's energy and alternative energy systems
- Using waste heat from the air and water wisely
- Better water quality systems
- Reducing waste and providing for recycling

Accessibility

Hutt City Council is making sure Naenae Pool and Fitness Centre will be accessible for the whole community by:

- Single level building accessible for everyone
- Ramps into all pools
- Accessible and family changing rooms to meet all needs
- Investigating different pricing options to be affordable
