I support this application, as I'm frustrated by the Hutt Council's persistent attempts to stifle innovation in the Petone area. Their recent proposal to designate our residential area as a heritage site seems like nothing more than an unnecessary roadblock to us being able to make decisions about our own properties. It's as if the council wants to play "big brother" and meddle in our affairs, all at the expense of our autonomy.

This notion, advocating for a billboard at 47 The Esplanade, makes perfect practical sense. Property owners should have the freedom to make decisions about how to utilize their assets as they see fit. After all, isn't this situation akin to the billboard I pass every morning on my way to work on Murphy Street? It's time for consistency and fairness in how these matters are approached. Let's empower individuals to make responsible choices regarding their properties without unnecessary bureaucratic interference.

From what I have read, the independent reports have not raised any material concerns and largely concur that any impact of the proposed signage would be minimal.

6. I seek the following decision from the consent authority:

Give precise details, including the general nature of any conditions sought.

Approve the applicants resource consent.

7. I ☒ **wish** ☐ **do not wish** to be heard in support of my submission.

8. If others make a similar submission, I ☐ **will** ☒ **will not** consider presenting a joint case with them at the hearing.
