4. The specific parts of the application that my submission relates to are:

Give details

Construction on The Esplanade, Petone that does not comply with Ch 14 of the General Standards in the Commercial Zone, the affect on the amenities of the signs and their location, including the position, size, brightness and hazardous nature.

Submission number **RM220088-SUB42**
OFFICE USE ONLY

5. My submission is:

Include whether you support or oppose the specific parts of the application or wish to have them amended; and the reasons for your views (extra sheets maybe attached if you wish).

I oppose the construction and presence of the signs.
The signs would have a very negative effect on the amenities of the area.
The Esplanade is a very busy road. The illuminated, brightly lit and constantly changing signs will be a distraction to drivers and create a traffic hazard for vehicles and cyclists.
The signs are very large and visually imposing. They are not for the purpose of showing the presence of a business nearby, but are for advertising.
Particularly at night the signs will be visible from kilometres away, and will dominate the view over the harbour and the adjacent beach reserve.
I do not believe the relevant Standards make any allowance for signs like these. They cannot comply with them.

6. I seek the following decision from the consent authority:

Give precise details, including the general nature of any conditions sought.

The application should be declined.

7. I ☒ **wish** ☐ **do not wish** to be heard in support of my submission.

8. If others make a similar submission, I ☒ **will** ☐ **will not** consider presenting a joint case with them at the hearing.
